- Fast-paced training environment for all ages, an excellent learning opportunity
  - Learn to work our dish machine, polish and dry glassware, sweep and mop our facilities, assist with plating up our gourmet meals, transporting our dishware to and from the barn for storage, and serve the Shully Way with a smile!
- Pick your own schedule, pick up shifts/events that YOU want to work, we'll use your availability (detailed in your application) to find hours that work for YOU!
- Opportunities to grow as a leader—if you want to step up into a leadership position, we'll train you to be one of our accredited LEAD Team Members
  - Working for us comes with a handful of transferable skills and experiences; working with high-end dishware and adhering to high-end service will benefit you in the future—we're a marvelous option for your first place of employment!
  - We're looking to advocate for our staff by promoting them internally and helping them move forward in their careers; whether that's providing part-time work to individuals with external full-time jobs or writing letters of recommendations for potential college students or National Honors Society—we do it all!
- As far as physical involvement, working for us is a great way to get your legs moving! Like any other gourmet catering environment, we move fast—so being physically equipped to be on your feet for extended periods of time (and carrying a tray of glassware) is essential! However, if you're forthright about accommodations, we'll do our best to make them! Our number is 262-242-6633 for further inquiries!

Lastly, and most importantly, we're a great place to work because we're notoriously a very friendly bunch! We're so happy you're thinking of us in your employment search; please let us know any way we can make the process smooth for you! And make sure you don't miss out on the fun any longer! We're so excited to have you on board!
